STORY

The evil newspaper reporters are out for a 'scoop', and have sent an army of 'nasties' to stop our hero from proving the safety and reliability of his C5 electric car.

You have been chosen to drive the C5 in the British cross-country finals. You will need all your skill and nerve to complete the 40 stage course and finish in 1st position, thus ensuring our hero the front page story he deserves rather than the 'scoop' the newspapers would like to print.

CONTROLS:

O = Left, P = Right, Q = Pedal Faster.

There are three levels of play:

- | | | | | |
|-----------|-------|---------|-------|---------------|
| 1. Easy | _____ | 5 lives | _____ | Slowest speed |
| 2. Medium | _____ | 4 lives | _____ | Medium speed |
| 3. Hard | _____ | 3 lives | _____ | Fastest speed |

The higher skill levels also give a larger score on completion of a screen.

The main object of the game is to complete the 40 screens and 4 **BONUS** screens and finish in 1st position. Your finishing position is given at the end of the game **ONLY** if the course has been completed.

REMEMBER: It is necessary to pedal to attain 1st position on finishing the course. – **GOOD LUCK.**
